## POLICE ALERT FOR HOLIDAY

Four years without a traffic fatality is the record for the City of Albany which the police department will try to hold over the final holiday weekend by increasing traffic control, according to Police Chief Ralph M. Jensen.

Four cars manned by four-revolvers will be mobilized on New Year's Eve and New Year's Day. The regular men on duty include Sgt. Emil Zugnoni, Officers Verne Bach and Ed Zenter plus Inspector Jerry Neuhauser. On the desk receiving and sending calls to the radio cars will be Officer Carl Lindh on the 4 to 12 shift for New Year's Eve, and Officer Alfred Senger on the midnight to 8 a.m. shift. New Year's Day the desk will be held down by Officer Lindh and in the evening by Officer Ed Zenter.

The Albany police chief warns the public that individuals who plan to drink should leave their cars home and utilize public transportation and taxi cabs. Officers will keep a close watch on cocktail bars and people emerging from them. Curfew time for juveniles on the streets is 10 p.m.

Chief Jensen advises anyone planning to take a trip over the weekend to have his automobile checked for safety, particularly lights, brakes and windshield wipers.

To prevent house burglaries, Chief Jensen suggests that if you are going out for the evening close your garage doors and leave a light burning in your home as well as locking all doors securely. He believes that since a burglar is an animal of stealth he is afraid of light.

Regarding this year's crime record in Albany, Chief Jensen reports that it is considerably lower than last year, although the crime rate in adjacent cities has been higher in 1955.

### BY TELEVISION

A new service has recently been installed at a hotel in Pendleton, Oregon, according to the National Automobile Club. You can register by television from your car parked at a curbside stand. The clerk sees you and you see the clerk.

## This Is Albany

**THE LADY MACCABEES** of Albany Hive No. 133 will hold their installation Wednesday evening, Jan. 4, 1956 at 8:30 p.m. at the Maccabee Hall, at a closed meeting. Irene Borges is the installing officer.

Officers elect are: Past Commander, Bessie Jacobsen; Commander, Neil Matthews; Lieut. Commander, Lena Brissell; Record Keeper, Florence Aaveria; Chaplain, May Olson; Mistress at arms, Freda Brown; Sergeant, Mac McCourtney; 1st Lady of Guards, Ruth Bagcalupi; 2nd Lady of Guards, Norverta Lotronico; Sentinel, Maud Mello and Pickett, Stella Austin.

Program and refreshments are in charge of Norverta Lotronico and committee.

**THE MOTHER'S CLUB** of Albany Bethel No. 265 International Order of Job's Daughters will be held at the home of Mrs. V. C. Brant, 919 Curtis street, Albany on January 3, 1956. Mrs. Eugene Blenk, President, will preside at the meeting. All mothers of Bethel No. 265 are urged to attend and become better acquainted with one another.

"CAN I HELP My Child Learn

## Attention Bicycle Owners

No. 1 bicycle license for 1956 in the City of Albany is held by Donald Seala, 729 Buchanan street. Total number of licenses issued to Wednesday noon were 75. The cycling youngsters have until Feb. 29 to secure the required license for 50c after which time a penalty is added.

City ordinance requires the bike owner to bring his bicycle to the police station for registration. Hours for purchase of plates is from 8 a.m. to 3:30 p.m. Stolen bicycles are more readily recovered by the police department if the owner has registered his bike.

## MARCH OF DIMES TO OPEN JAN. 3

The 1956 March of Dimes — an all-out effort to carry the battle against crippling polio closer to victory — will be launched in Albany next Tuesday, January 3.

William Thomas, chairman of the first polio appeal to be conducted since the Salk vaccine entered an opening wedge against the disease, said the 1956 March of Dimes will seek funds to meet four major challenges still remaining in the polio fight.

He urged local residents to rally to the campaign slogan "Polio Isn't Licked Yet" and to support the polio fighting appeal with their dimes and dollars. The polio campaign is conducted in behalf of the Alameda County Chapter of the National Foundation for Infantile Paralysis.

Thomas listed these four "big reasons" why Albany residents will be asked to share in the 1956 March of Dimes:

1. The polio vaccine came too late for an estimated 30,000 persons stricken in 1955 and it will be too late for many thousands more before the vaccine can be widely used. The year 1956 will open with 68,000 polio patients from previous years still looking to the March of Dimes for assistance.

2. No matter what the cost, and it is tremendous, polio respirator patients cannot become the forgotten people of tomorrow. Some 3,200 polio patients today depend upon March of Dimes breathing devices to stay alive.

3. The Salk vaccine, developed with March of Dimes funds, is a medical milestone, but it is still not 100 per cent effective nor is the length of its protection yet known. March of Dimes research aimed at improving preventive techniques is now in progress as are studies seeking improved techniques for the treatment and rehabilitation of polio patients.

4. Scientists for the laboratories and professional workers for hospitals are in urgent demand. March of Dimes fellowships and scholarships are helping to meet this need for trained personnel essential to the welfare of polio patients everywhere.

## Navy Volunteer Enlistments To Continue in 1956

Chief Leon Pius of the Oakland Navy Recruiting Station announced today that the planned cut-back of draftees into the Navy will not affect the Navy's voluntary 2-year enlistment program.

At the present time February will be the last draft call for the Navy, however, Navy Recruiting Stations will continue to accept volunteer enlistments for 2, 3, 4 or 6 years of active duty.

The 3 most popular enlistment programs the Navy offers are the 2 year, minority, and 3 and 4 year program. A young man wishing to complete the minimum military requirement may elect the 2 years of active duty. The 3 and 4 year enlistments are designed primarily for High School graduates that wish to attend one of the 47 Navy Trade Schools, and qualify by passing mental tests administered at the Oakland Recruiting Station.

## Plan Beginners Folk Dance Class

A beginners folk dance class will be held at the Castro School, Lawrence and Donal Ave., El Cerrito, on Thursday, Jan. 12. Anyone who is interested may attend this weekly class, which starts at 8 p.m. Basic two-step, polka, schottische, tango and waltz patterns will be taught by Charlie and Marie Koutz, plus part of the evening is being spent in square dancing. No previous dancing experience is required, and all adults, 18 and over, are welcome. For further information call L.A. 5-4809.

Two young Albany sisters who are polio patients at Children's Hospital of the East Bay, Janet (left), 12, and Nancy Miranda, 11, are visited by a good friend, William Thomas, chairman of the 1956 March of Dimes for Albany. Thomas urged all-out support for the annual polio appeal to start next Tuesday (Jan. 3) so that care and treatment will be assured those "born too soon" to benefit from the polio vaccine.

## Albany Rotary Will Hear Talk By Dr. Cross

Dr. Laurence L. Cross, former Mayor of Berkeley and noted speaker, will address the Albany Rotary Club next Tuesday on "Berkeley Returns to Hiroshima." Dick Timmons will be chairman of the day, while President William G. Woolworth will preside.

One of the first American civilians to visit the Japanese city in 1945, only a few weeks after the dropping of the atom bomb there, Dr. Cross again visited Hiroshima this fall almost exactly ten years after his first visit and will tell the Rotarians about the city, then and now.

Albany Rotary meets at 12:15 on Tuesdays at Spenger's Restaurant, just north of University Ave. on Fourth St., in Berkeley.

Last night Rotarians and their wives from clubs throughout northern California met at a banquet and reception to A. Z. Baker, President of Rotary International, at the Civic Auditorium in Richmond. Mr. Baker, who is here on an official visit, is accompanied by Mrs. Baker.

Try to do others as you would have them do to you, and do not be discouraged if they fail sometimes.—Dickens.

GINGERBREAD HOUSES made by members of Marin School Brownie Troop 109 for decorating their homes during the holidays. Left to right, front, Sharon Bailey, Judy Buell, Janet Dottery, Jane Margolis, Donna Stockett and Kathy Hook; back, Barbara Johnson, Josine Kister, Susan Koser and Karin Fosselius.

## POLICE, FIREMEN IN PLEA ON PENSIONS

A possible amendment to the city charter is under study by members of the council following the submission of a proposal to that body on Monday night by the Albany Police and Fire Civil Service Club, which asked that it be placed before the city's voters at the election in April.

The city now provides payments to survivors of police officers and firemen who die before they retire, but makes no provision for benefits to survivors of those who die after retirement.

The suggested amendment would provide half pension payments to the wife or husband or unmarried minor children of a pensioner. However, if the couple had been married less than five years, payments to the survivor would be only one-sixth of the pension.

The city attorney cast some doubt on whether the proposed amendment could be placed on the April ballot, as he thought the latest legal date was Dec. 15.

At the request of Councilman Combs the matter was postponed for one week for study by the council members and to enable the city attorney to check up on requirements for placing the matter on the ballot.

In other action the council authorized repairs to the tile roof at the police department building, and the replacement of plaster damaged by the recent storms. The tile roof covering a portion of the building was repaired only a few weeks ago after damage by a previous storm.

A dispute over eight parcels of land on both sides of Solano Avenue between Pomona and Key Route Boulevard, vacated by ordinance passed by a previous city council in 1949, was brought up by Councilwoman Zahn. She declared the people owning property fronting on this vacated property were given to understand the property would revert to them, and that they had been paying taxes on them. Also that an Oakland firm was asking them as much as \$500 for small parcels.

City Attorney Foley explained that it apparently had been the intention of the 1949 council to have the land go to the present property owners, a state law provides, however in such cases that the property reverts to those who originally owned it at the time it became a street, and that the present owners have no recourse, except perhaps to seek a refund on wrongfully paid taxes.

Councilman Blank declared, "Undoubtedly the city council of 1949 made a terrible mistake, but the matter is now entirely out of the hands of this council." None of the members of the present council was on the council in 1949.

## Albany Schools To Open Jan. 3

The Albany primary and elementary schools and Albany High School all will open on Tuesday, Jan. 3, after a Christmas vacation which started on Wednesday, Dec. 21.

The Albany Adult Education Center will start its new Winter quarter on Monday, Jan. 9. Prior to the time, "The Evening Star," which describes the large variety of Adult Education classes that will be offered by the Center, will be distributed throughout Albany and in neighboring areas, according to Robert G. Dennis, Principal of the Center. For more immediate information on the adult classes call L.A. 6-6441.

### NOTICE

City of Albany Business Licenses are due and payable during the Month of January, 1956. If not paid on or before January 30th, 1956 a 10% penalty will attach.

## Marines to Enlist Medal Of Honor Company Here

Technical Sergeant Harry E. Glendle, NCO in charge of the local Marine Corps recruiting office, has received word from Major Mitchell Paige, officer in charge of the Northern California and Western Nevada recruiting district that this district will enlist a company of Marines during the month of January. The company will be known as, "The Congressional Medal of Honor Company," to be sponsored by Medal of Honor winners in this area. It will be made of 199 select men from this district.

Major Paige, a Medal of Honor winner himself, also wishes to stress that these men will be enlisted under the Marine Corps "Buddy System".

By this system, men entering the company will receive their recruit training together at Marine Corps Recruit Depot, San Diego, California.

During this ten week period of training the new Marines will learn many of the basic principles of Military Life that have given some two hundred Marines the added initiative to receive the Nation's Highest Honor.

January 31 will be the enlistment date but it is expected that the number of men needed to fill the ranks of this company will be many. All persons interested in the new Marine Corps Company and a three or four year enlistment are urged to contact your local recruiter at Room 224, Post Office Building, Oakland, Calif.

### JAYWALKERS

A total of 2910 pedestrians were killed and 58,889 were injured while crossing between intersections last year in the United States, reports the National Automobile Club.

LIVING TABLEAU of Christ's Nativity which was presented at Albany Community Methodist Church on Marin Ave. the evenings before Christmas. Members of the church portrayed Biblical characters, and live animals added to the realism of the scene.

## Hill Lumber Co. Will Represent Mall Tool Here

The Mall Tool Company of Chicago has announced its appointment of Hill Lumber and Hardware Inc., as a Mall chain saw dealer and service agency for the Albany area.

As a local Mall representative, Hill carries the world's largest selection of chain saws. The line features the famous "MG" series, which now includes the OMG, 1MG, 2MG, 3MG, and 5MG models. The 5MG, just recently introduced, is a rugged 10 horsepower saw for two-man production cutting.

To cope with servicing and replacement problems, the new Mall dealer will maintain a complete stock of tools and parts.

Hill offers free saw demonstrations, free literature, and answers all questions concerning Mall chain saws.

## Betty Rhodes Host To Father, Mother

Betty and George Rhodes, Albany City employee, of Balra Drive, El Cerrito, entertained Betty's mother and father, Mr. and Mrs. Frank Crowhurst of Oakland, on Christmas Day. Other guests were Mr. and Mrs. J. H. Montano of El Cerrito, Miss Lee Cusick of San Francisco and the Rhodes' son, Donald.

## City Clerk Kin's Home Undamaged

Mrs. Myrtle McLean, Albany City Clerk, was the guest of her daughter and son-in-law, Mr. and Mrs. R. B. Mathis, of Walnut Creek on Christmas Day. The Mathis' home is located on a hill and was not affected by the flood.

## Helen Higgins at Eastern Star Party

Mrs. Helen Higgins of Albany City Hall attended a party in East Oakland Christmas Eve for 41 Esthers of the Order of Eastern Star. The party was held at the home of Helen Bratschie.

## Fire Department Warns Hobbyists Of Fire Hazards

Do it yourself fans who can turn out toys, furniture and other gadgets for the home in their own workshops with relatively little strain on the family budget, are at a decided advantage around birthdays or anniversaries throughout the year. Safewise, however, they may be at an equally decided disadvantage because those workshops can be danger spots for fire.

Chief Pimental of the Albany Fire Department urges every home handyman to protect his home and family by taking these precautions:

1. Clean up all sawdust after each day's work. Sawdust is extremely combustible.
2. Be sure power tools do not overload electrical circuits.
3. Most household circuits should be protected with 15 ampere fuses; substituting a large one may allow wire to heat to the point where insulation will ignite. You may need a heavier circuit installed for your power equipment.
4. Throw out all oily rags; they can ignite spontaneously. If you must save a few, store them in a covered metal container.
5. Read carefully the safety instructions on any chemicals you may use. Never mix chemicals unless you know exactly what you are doing.
6. Keep paints and waxes covered, and store them in a cool place.

## Four Sisters Feted On Christmas Day

Four sisters of Albany gathered together for a Christmas Day celebration with their families at the East Oakland home of a fifth sister and her husband, Mr. and Mrs. Frank Albanese. The Albanese sisters and families were Mr. and Mrs. Gil Ferrera, Mr. and Mrs. Alex Olivet, Mrs. Jeanette Lewis and children and Mrs. Nickie Guzzo.

The Golden Rule works like gratiation.—C. F. Dole.

## More Than 400 Skills Taught to Marine Recruits

Technical Sergeant Harry E. Glendle, non-commissioned officer in charge of the local Marine Corps recruiting office recently announced that many vacancies exist in the more than four hundred skills offered by the Marine Corps. Many of these vacancies are in Aviation, Electronics and Communications.

The sergeant stated that the only requirement for those skills is for the applicant to have the aptitude for the skill which he seeks. All Marine Corps recruits are interviewed by a job counselor at the recruit depot.

It is at this point that recruits are assigned to schools and on the job training in the more than four hundred skills offered by the Marine Corps. This is the fairest way known to assign recruits and by

this method many Marines know they have aptitude for skills known to them before.

The sergeant further stated that the promotion system in the Marine Corps is unlimited. Statistics show that over eighty-one per cent of Marine Corps Officers were formerly enlisted men. A Marine recruit will be glad to talk over your opportunities in the Marines at Room 224, Post Office Building, 13th and Alice Streets, Oakland.

# In The Albany Churches

**ARLINGTON COMMUNITY CHURCH**  
On Sunday, January 1st, Mr. May be gained through steadfast Dreher will preach on the subject trust in God's goodness and power "What's New?", based on Isaiah will be brought out at Christian 65:17 "For behold I create new heavens and a new earth." There will be the usual two services at 9:30 and 11:00 with church school Bible and correlative selections during each service and nursery from "Science and Health with Key care for very small children. The to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder in the afternoon at 4 o'clock at the of Christian Science.

**CHRISTIAN SCIENCE**  
How lasting peace and harmony  
The Lesson - Sermon entitled "God" will consist of readings from the King James Version of the Bible and correlative selections during each service and nursery from "Science and Health with Key care for very small children. The to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder in the afternoon at 4 o'clock at the of Christian Science.

Isaiah's promise of peace for church.

And ENTIRE STAFF  
Cor. Solano & San Pablo

**WHAT'S DOING**

1956 will be another  
big year in telephone progress

This coming year, we plan to put a record \$335 million into new construction and service improvements to serve the Pacific West. We expect to add new equipment of all kinds to make your telephone service even better and to provide new service for the ever-growing number of people here. More lines to carry Long Distance calls and television programs; Direct Distance Dialing from more towns to places as far away as Philadelphia, Chicago and Milwaukee; more colored phones and hands-free Speakerphones. These are a very few of the many things in our continued program to keep pace with the growing West. In the year ahead you'll see plenty of reasons why we say—The men and women of Pacific Telephone work to make your telephone more useful every day.

**Free planning service for homeowners**

Are you thinking of building or remodeling in '56? If so, we suggest you include up-to-date telephone arrangements in your plans. Concealed wiring and built-in telephone outlets in each of the rooms you use a lot are low-cost features that add much to the "livability" and value of a home. And, of course, to your comfort and convenience as well. We'll be glad to help you with our free telephone planning service. Just call us and ask for "Architects and Builders Service".

Pictured is the Pioneer Award presented to Pacific Telephone at the Oakland Chamber of Commerce's 50th Anniversary Luncheon on November 17th when similar awards were presented to some 200 firms for distinguished leadership in the development of Oakland and Alameda County by supporting the Oakland Chamber during the last half-century.

Pacific Telephone has had faith in the future of the East Bay and is proud that we along with all the other firms have helped to make Oakland and the East Bay Metropolitan Area one of the outstanding Communities on the Pacific Coast.

LIVE SHEEP in front of Albany Fire Station with Fire Captain Les Varni at right. The display is an annual Christmas tradition at the fire house located on San Pablo Ave. and Washington.

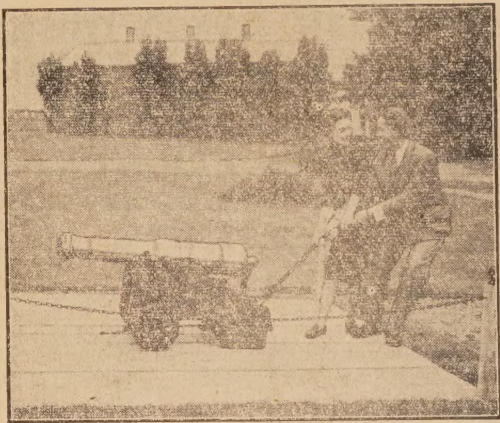

those who rely on God is included in the Scriptural readings (26:3): "Thou wilt keep him in perfect peace," whose mind is stayed on thee because he trusteth in thee." Also emphasizing the availability of God-given harmony and goodness are correlative passages to be read from Science and Health including the following (515:22): "All that God imports moves in accord with Him, reflecting goodness and power."

**FIRST BAPTIST**  
"Loyalty Sunday" will be observed Jan. 1 when all resident members of the church are urged to attend either the morning or the evening service. Facing the New Year the pastor will speak on the sermon, subject, "Faith's Confidence" at the Worship Service 11 a.m. The Chapel Choir will sing and the Lord's Supper will be observed.

At the Evening Gospel Service 7:30 p.m. the film "Martin Luther" will be shown. — "No man can command my conscience... Here I Stand!"

**ASSEMBLY OF GOD**  
Rev. E. William Anderson will speak on the subject, "What Will We Do With The New Year?" during the Sunday morning service, 11 o'clock, at the El Cerrito Assembly of God Tabernacle, 10336 San Pablo Ave.

## These Two Have Lots of Brass

MANY playful attempts have been made to "pinch" the historic 250-pound brass cannon, relic of the American Revolution, which is a great attraction for United States tourists visiting the Citadel in Quebec City. The old museum piece was captured by British forces in June 1776 at Bunker Hill, Charlestown, Mass., and taken by the soldiers to Quebec City where it has since been on display, exciting considerable attention. FNS

Assembly of God Tabernacle, 10336 San Pablo Ave. Sunday School will begin at 9:45 a.m. with Waldo Spencer directing. The Youth services at 6:30 p.m. with Dick Porter in charge.

Sunday night at 7:45 o'clock the evangelistic rally service will be conducted under the direction of the pastor. His subject being, "What Will You Do With Christ?" Special Music at both Services are planned for.

## Far North "Casey Jones"

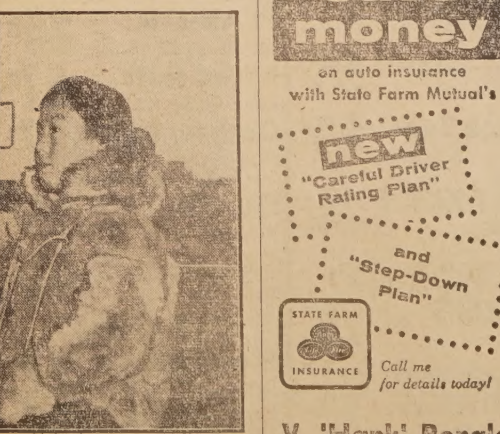

Photo: Canadian National Railways  
WHEN the steam locomotive-hauled Canadian National Railways train from The Pas and Winnipeg reached Churchill on the shores of far north Hudson Bay a few days ago, Churchill was host to Eskimos from the far north who had come to town by boat and dog team to do some shopping before the long winter sets in. One youngster, Muskie-Jack was fascinated by the big CNR steam engine, so he climbed aboard, sat in the engineer's seat and tried the air brake. He thinks driving a locomotive must be more fun than piloting a dog team over ice and tundra. FNS

# The Great Diamond Hoax That Bilked S.F. Financiers

One of the greatest hoaxes in the history of California got under way one day in 1871 when Philip Arnold and John Slack strode into William Ralston's San Francisco bank and emptied a dusty poke of diamonds on the amazed banker's desk.

One of the most influential men in San Francisco at that time, Ralston got together with some other financiers of the day and tentatively offered Arnold and Slack \$100,000 or a small interest in the new diamond field the men claimed to have discovered.

While Ralston and his friends checked the background of the two miners and found them to be apparently respectable men, Arnold proposed to cut short any dilly-dallying on the paying of the \$100,000 by going out to the field and bringing back a couple of million dollars in diamonds as collateral.

With raised eyebrows, the financiers agreed to this scheme, and the miners set out. Some weeks later they returned to civilization, apparently weary and bedraggled, to cross a swollen stream had capsize and left them with just one small bag of diamonds.

Ralston promptly sent the small bag to Tiffany's in New York for appraisal and Tiffany's told him that the diamonds were worth about \$150,000. That did it, according to the National Automobile Club. The boom was on. The financiers offered Arnold and Slack \$600,000 for a 75 per cent interest

story for the children by the rector, the Rev. John Hathaway Blackidge. This is followed by classes through the eighth grade plus the adult class, taught by the rector.

11:00 a.m. Holy Communion and sermon by the rector on: "New Hope for a New Year." A coffee hour, to which all are invited, follows the service.

7:00 p.m. High School Young People's Fellowship.

**COMMUNITY METHODIST**  
Holy Communion will be served at both the 9:45 and the 11:00 a.m. services at the Albany Community Methodist Church on Sunday, January 1. The full Choral Communion will be sung at the 11:00 a.m. service. Rev. Douglas H. Henderson will bring the message for the new year on the theme, "What We Can Know About 1956."

Church School classes for all ages at 9:45. The church invites parents to worship while their children are in Sunday School during the 9:45 hour.

# This Is Albany

(Continued from page one)

N. J. with the United States Coast Guard. Mrs. Manion is a native of Albany and a graduate of Albany High School.

THE ALBANY MOTHERS Club will hold its luncheon and business meeting in the YMCA club room, 921 Kains Ave., on Tuesday, Jan. 3, at 12 noon. Mrs. Elsie Thorpe, president, requests all members to start the New Year right by being present.

## AAA Sees Increase In Long Auto Trips To Western States

A marked increase in long distance motoring to Western states appears likely this winter according to a nationwide survey conducted by the American Automobile Association.

This winter's travel volume generally is expected to rise five to ten per cent above last year's level, with a substantial increase directed to the Western recreational areas, the California State Automobile Association states in a report on the survey.

"A very important factor has been the opening of major new routes, while another is the ability of state highway departments to keep roads free of ice and snow. The 241-mile Ohio turnpike is the principal new highway of the year and, since it shortens driving time across Ohio by more than three hours, it will generate substantially more long distance travel from populated eastern points," the AAA pointed out, adding: "In crossing to the Far West, Colorado is making it much easier for long distance motorists. Despite high mountains and deep snows, the passes are kept open across the Continental Divide during the winter."

The AAA is forecasting a heavy amount of travel to resort areas in California, Arizona, Texas and Mexico. Mexico, in fact, is becoming increasingly popular with motorists from all sections of the country.

## Jack King Horton Of PG&E Named Crusade Chairman

Jack King Horton, 39 year old vice-president of the Pacific Gas and Electric Company in San Francisco has been appointed 1956 campaign chairman for United Bay Area Crusade by Samuel B. Stewart, new president.

Horton succeeds Douglas Tellwright of Piedmont as campaign chairman. Tellwright this year conducted the campaign which raised a record-breaking \$9,616,000 for the crusade's 288 agencies.

Horton, who worked his way through Stanford as a waiter while he was only 19 years old, got his degree in law by going to night school in Oakland. When Horton joined PG&E in September 1954 as vice-president, he had had ten years experience as a utilities executive.

Dr. J. E. Simpson of Albany was elected to a three-year term on the Board of Governors.

The Golden Rule is a law of physics: If you try to give someone happiness, you get some back yourself.—Albert Einstein.

Bob, Kay Fritz Plan

Dinner at Vegas

Bob and Kay Fritz of Bo-Kay Gift Shop have reservations for the dinner show at El Rancho Las Vegas for New Year's Eve. They will see the inimitable Sophie Tucker, the last of the Red Hot Mamas, perform.

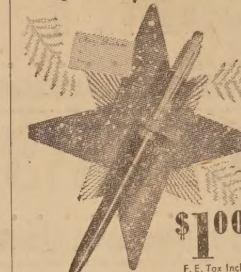

The Fritz couple will drive to Las Vegas Friday, stay at Kit Carson Motel, and return Tuesday, Christmas Day they were entertained by Kay's aunt and uncle, Mr. and Mrs. Frank Carbis of El Cerrito.

The gift shop owners held their traditional family tree and supper party Christmas Eve in their Contra Costa Rd. home for Mr. and Mrs. William Carbis, Mrs. Anna Fritz, Mr. and Mrs. Basil Carbis and two daughters, Mrs. Bernice Rodgers, Beverly Rodgers, Randy and Diane Cook, Mr. and Mrs. J. Montigny.

### USE OF OIL

Last year Americans used 2.8 billion barrels of oil, according to the National Automobile Club. This is equivalent to the present proved crude oil reserves of the entire state of Louisiana.

it's a gift!  
it's an ornament!

Albany, California.  
Pub. Dec. 30, 1955.

SLOW DOWN IN RAINS

Slow down when the rains come, advises the National Automobile Club. High speeds and wet pavements make a combination that can kill.

GOLDEN POPPY

The bill that made the golden poppy the state flower of California was passed by the California State Legislature on Feb. 16, 1903, according to the National Automobile Club.

CHAIR LIFT

The mile-long chair lift from Timberline to the 7000 foot level on Mt. Hood in Oregon was completely overhauled in early summer of 1955, reports the National Automobile Club.

Impart as much as you can of your spiritual being to those who are on the road with you, and accept as something precious what comes back to you from them. — Albert Schweitzer.

Your personal insurance needs are my business

"F. F." Foster

Two things that make for SAFER driving!

The first and most important thing is you — the driver. The courtesy, care, and common sense you show count more than anything else.

The second thing is the car itself. All cars are safer today. That's shown by the number of accidents in relation to the number of miles passenger cars are driven. The figure's down sharply.

Chevrolet has always made safety a major consideration, introducing many such features as the all-steel top, into its field. And this '56 Chevrolet is the safest one ever built.

Its lively new power means safer

passing. Its special Ball-Race steering—oversize brakes with Anti-Dive control—bring easier, surer driving. The Unisteel construction and safety door latches of its Fisher Body—the nailed-to-the-road stability that comes from advanced suspension and better balance — the sweeping panoramic windshield — all these things add to your safety.

Seat belts with or without shoulder harness? Instrument panel padding? Of course, they're available at extra cost. As your Chevrolet dealer, we'll be glad to show you the many safety features of the '56 Chevrolet.

**EXCITING NEW BEACH FASHIONS FROM SAN FRANCISCO** . . . Previewed at California's National Fashion Press Week were these new sports fashions created by Designer Stephanie Karet of San Francisco. The swim suit is in pastel Tiburon print—a silky blend of cotton and acetate. The front is shirred; the back elasticized for perfect fit. It may be worn either strapless or with its matching "spaghetti" straps. To ward off cool breezes, the model carries the suit's pretty companion allover sweater. It has short sleeves and is not to shrink or stretch to match the suit. Both sweater and swimsuit are washable. The girl at the left is wearing Stephanie Karet's glamorous cotton knit Capri pants and color-coordinated cotton T-shirt. In interesting popcorn texture, the slim pants are tapered, with V slits at the outside of the legs. The gay polka dot T-shirt is hip-length and has three-quarter sleeves. Both pants and shirt take the absolute minimum of care—just toss them in the washing machine, let them drip dry and they're ready to wear! They're guaranteed not to shrink or stretch and they're resistant to dirt, wrinkles, mildew and perspiration. Setting for the photograph is San Francisco's Marina beach with the famous Golden Gate bridge in the background.

**DR. WILLIAM M. BURTON**  
INVENTED AND DEVELOPED THE FIRST COMMERCIAL CRUDE OIL CRACKING PROCESS IN 1913

DR. BURTON'S THERMAL CRACKING PROCESS OPENED THE WAY FOR MODERN REFINING TECHNIQUES SO THAT TODAY 44 PER CENT OF THE AVERAGE YIELD OF A BARREL OF CRUDE OIL IS MADE INTO GASOLINE!

DR. BURTON ASSOCIATED HIMSELF WITH THE OIL INDUSTRY IN 1899 AND WAS CONSIDERED AMONG THE FIRST FORMALLY TRAINED CHEMISTS IN THE OIL INDUSTRY. BY 1902 HE REALIZED THAT THE NEED FOR GASOLINE WOULD SOON BYPASS KEROSENE DEMAND.

THIS FIRST JOB WAS INVESTIGATING THE CAUSE OF PINHOLES IN OIL CANS!

THERMAL CRACKING IS STILL USED IN THE OIL INDUSTRY FOR THE PRODUCTION OF SOME OF ITS MOST VALUABLE PRODUCTS. CRACKING IS USED TO PRODUCE OCTANE FUELS.

D. S. BURTON, WHO DIED IN 1954 AT THE AGE OF 84, WAS AWARDED THE AMERICAN PETROLEUM INSTITUTE'S GOLD MEDAL IN 1947.

### Factory Will Aid In Replacing-Repair Of Damaged Goods

Owners of General Electric major appliances put out of order by water and mud in the flood ravaged sections of California and Oregon will be helped by the company in repairing and replacing the damaged appliances.

A major appliance division plan for easing the problems of harassed home owners in California calls for special low prices on completely reconditioning flood damaged General Electric refrigerators, freezers, washing machines, dryers, ranges, electric water heaters, room air conditioners, dishwashers and disposals.

The plan also provides special low prices for replacing such appliances damaged beyond repair.

In effect, the General Electric major appliance division, the wholesale distributor and the retail dealers together will subsidize a substantial portion of the cost of repair or replacement. Harry P. Gough, western regional manager of the division announced today. He said the plan is being put into effect through G-E distributors in recently flooded areas of California and Oregon.

### Albany Couple

#### Take Pictures

Carl and Lucille Johnson of Albany spent Christmas Day photographing the Sacramento area flood conditions on color movie film. Out Garden Highway and adjacent to the causeway they recorded snorts of stranded cattle kept alive by farmers who threw hay to the animals.

The Johnsons spent the holiday weekend with Mrs. Laura Glans, Mrs. Johnson's mother, and family.

Some of their relatives near Eel-some Dam survived the recent flood unharmed although they had to be rescued by helicopter in the 51-inundation.

Merry Miles says  
"TRAVEL WITH THE MAN WHO REALLY KNOWS THE ROAD!"

... Your friendly Greyhound driver!

He's a professional, drives 60,000 miles a year. Skillful, careful, a man who knows his job.

He knows his route, every turn, every hill, every cross street on the way to downtown depots so conveniently located near stores, theaters and shops.

Physical fitness, good vision, quick reflexes and sharp co-ordination are important requirements for anyone driving for Greyhound. Regular examinations insure constant high standards of performance.

He's your courteous host, solicitous of your comfort, taking care of your baggage, pointing out special attractions along the way. He helps make all your miles merry . . . by Greyhound!
